Christmas Cover from Bethlehem, Palestine

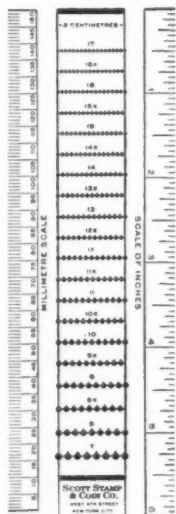

The little town of Bethlehem was the birth place of Jesus Christ. A cover will be mailed from this famous Biblical town having on its face a picture of the nook in the Church of the Nativity at Bethlehem where once was the manger in which Christ was born showing a very delightful view of the Star of Bethlehem with lighted candles around it resting on the floor of that large church marking the spot where Christ was born. Enclosed in this cover there will be a card on which is pressed actual Holy Land Flowers. Another card will also be enclosed showing a panoramic view of Bethlehem. Four different stamps of Palestine will be used. Names of those ordering this cover will be written in Arabic, English, and Syriac. Mailed direct. Nov. 30, final date.

BANK NOTE ACCURACY — SCOTT'S Perforation Gauge

SPLITTING hairs is crude work compared to the accuracy of Scott's new Perforation Gauge and Millimetre Scale. This gauge, with dots raised for convenience, has been engraved with absolute precision by the American Banknote Company. It eliminates all guess work about perforations and is one of the essential tools in the collector's kit. Yet it still sells at the old price of 10 cents, post free.

Christmas Seals Around the World

By PHILIP P. JACOBS, Ph. D.

Reprinted from the September, 1934 "Journal of the Outdoor Life."

(Continued from last week)

Japan—No country has had a more interesting experience with Christmas seals than Japan. It is strange indeed that in a land where Christmas, essentially a Christian institution, is not officially recognized, that Christmas seals should be so popular. The Japanese Association for the Prevention of Tuberculosis with headquarters at Tokio began selling seals in 1924 when three round seals were issued. In 1928 they resumed the sale and have carried it on yearly since. Entirely in Japanese char-

ganization is also called at times the Double-Barred Cross Association.

Korea—has had a seal sale for two years only, its first sale being held in 1932. There is no national tuberculosis association in Korea, but the sale has been organized and promoted by Dr. Sherwood Hall, a Methodist Episcopal missionary who conducts a tuberculosis sanatorium and medical

is especially outstanding because in that year the anniversary of the twenty-fifth birthday of the popular Crown Prince was celebrated by using his portrait on the Christmas seal.

Portugal—has sold seals through its national tuberculosis association continuously since 1927 but the government also issued semi-postage tuberculosis stamps as early as 1904 for the benefit of the National Aid Society for Consumptives. As is done in several other countries, the seals here are printed in a given year with the same design but in different colors. For example, the 1929 seal appears in light blue, purple, green, brown, and in several other shades.

Korea, 1932

center at Haiju. Dr. Hall, who studied our American methods of seal sale on his last visit to the United States, has closely followed them in Korea.

Latvia—The Latvian Anti-Tuberculosis Association issued in 1931 a set of ten somewhat unusual semi-postage stamps. These are the only seals of which we have had any record in that country.

Norway, 1907

Norway—Like the other Scandinavian countries, Norway has attractive designs that picture various domestic and symbolic scenes. The 1928 seal

South Africa, 1931

South Africa—This country became interested in the seal through the fact that a Danish woman, Mrs. Christensen, had learned of the seals in her native land and, because she was interested in tuberculosis work, she started the seal sale in her new country. The design for 1931 is particularly unusual. The 1933 design is printed both in English and in the native Dutch dialect.

Surinam—better known as Dutch Guiana, South America, had a welfare stamp in 1928. Part of the proceeds evidently went to tuberculosis work and the stamps were semi-postal.

acters, these seals are very beautiful in color and design. The White Cross Society, which is the local tuberculosis association for Tokio, has also issued Christmas seals of various designs and shapes since 1928. Apparently they are sold not only locally but all over Japan. A third society, known as the Shizenryoyosha or the Nature Cure Society of Japan, also sells seals and has been carrying on fairly continuously for several years. The proceeds from their sales go to pay for sanatorium treatment and for the building of sanatoria for the treatment of tuberculosis. This or-

Sweden—Again we have many artistically lovely Christmas seals. They are examples of the work of such noted artists as Prince Engen of Sweden, Bruno Liljefors, the great bird artist and Axel Sjöberg. It is not surprising that the seal sale which was started in Denmark in 1904 should have spread in the same year across the narrow straits to Sweden. In neither Sweden, Norway nor Denmark, however, do the tuberculosis associations rely entirely upon the Christmas seal sale for their support. They have an annual flower day in the spring of the year, somewhat like a national tag-day, and usually in addition, they receive annually some form of governmental subsidy.

Netherlands, 1933

In Switzerland the stamp sale of Pro Juventute, an organization devoting itself to child welfare with emphasis on tuberculosis, dates back to 1913. We have records of a local seal sale in 1912 and in a number of instances local seals have been issued since that time strictly for the prevention of tuberculosis. The seals of Pro Juventute are combination postage stamps and seals and do not belong strictly in the class of our Christmas seals either in their use or in the way they are sold.

Syria—Syrian Christmas seals sold in 1924 and 1926, are novel because of the Arabian characters. These seals were sold by the Syrian Anti-Tuberculosis Society.

Resume

For collectors of foreign Christmas seals there is a thrill awaiting, especially for those who wish to engage in an extensive correspondence and secure all of the seals from all the different organizations. In order to assist the collector we have appended a list of various national organizations that are now using strictly tuberculosis Christmas seals. Several reliable dealers of Christmas seals in the United States carry limited stocks of some of the foreign seals, but most of the others can be secured by diligent correspondence with foreign representatives and dealers.

Acknowledgment

The writer of this brief account of foreign Christmas seals is deeply indebted to Captain H. M. Andersen of Elsinore, Denmark, who first interested him in this subject; to Mr.

Charles Lorenz of Springfield Gardens, Long Island, through whose indefatigable efforts one of the most valuable check lists of countries issuing Christmas seals has been prepared; and to Mr. W. L. Kinkead of Glen Rock, New Jersey, and Miss May A. Rigney of the National Tuberculosis Association's staff, who have read the manuscript and have offered valuable suggestions.

now with federal representatives of this or that alphabetical agency simply cluttering the landscape—some even handing out money! . . . the boys are green with envy . . . 'cause all they can do is place a new stamp on sale every once in a while.

From this miniature sheet craze it appears that if your stamp club can't get on the philatelic map by doing something that merits it . . . then you bamboozle the P. M. G. into issuing a sheet of stamps . . . why not Mr. Farley issue these things without any imprint except plate number and let the over enthusiastic insert their own wording . . . next good step in Scott's Kitty would be the insertion in () of the quantities issued of each.

The Association for the Advancement of Colored People should include info on stamps in their campaign to increase the peace between ebones and palefaces . . . you know what some wives get when they carelessly handle papa's stamps soaking in the dishpan . . . so after reading of a couple darkies purloining \$2,000 of stamps from a dealer and then BURNING them and of still another darky emptying into the rubbish a BOX of stamps . . . comes a headline of a LYNCHING . . . and this conclusion jumper right away opined that the local stamp collectors held an indignation meeting culminating in a "necktie party" . . . while papers say collectors are "indignant" about this or that . . . after hearing them moan a while we'd say "indigent" is a better word . . . we have crash cover collector, who's going to start a kidnap cover collection . . . hope no one will get so enthusiastic they'll start sending their own.

All this hullabaloo over people getting imperf ungummed sheets as gifts shouldn't make you mad . . . us poor every day collectors can have those things too . . . just go through some old numbers of Stamp Collecting, the English stamp paper, and you can get all kinds of nice ones in black . . . even the whole set of Bicentennials side by side . . . se tenant if you want me to talk ritzy . . . 'course it's terribly illegal 'n all that . . . but so are a lot of other things . . . see the fancy mosque on Turkey 1 piastre 1913 and 1920 change its name . . . for when next it opens it will be a public library . . . but what in heck will they use minarets in a library for?

Law and justice do triumph the soandso who tried to get Howard Buttermore's collection is in the bastille . . . and to the Economist Stamp Co. we send

our bouquet of inverted centers for their Boy Scout deed of aiding that Okla. dealer nail his burglars . . . a little more such action and thieves will have to revert to some honest way of making a living such as banks.

Rest assured lads that there won't be any imperf sheets when you come to the Akron party Dec. 1-2 . . . new issues up there are con-fined to Hinge Oil labels . . . anyway if the proper ratio were made in denominations you wouldn't be able to afford a sheet of \$5 . . . add philatelic daffynitions . . . NEW ISSUES are something politicians are very careful about acquiring . . . old issues are what the boys have been arguing about since 18—, aw you look up the date . . . it doesn't make any difference anyhow.

KENMORE STAMP CO.

KENMORE, N. Y.

Heard and Seen In Washington

By W. C. RICE
Ballston, Va.

(Special to Linn's Weekly Stamp News)

It is almost last call for covers for the Byrd Expedition to Little America. November 1 is the final date announced for acceptance of covers here in Washington at the Byrd headquarters. Cover collectors have missed one of the most important current events, if they have overlooked getting at least one cover from Little America. It is not too late to send a cover along for this second expedition. The advertisements have been carried in practically all the philatelic publications giving explicit directions for handling the orders, but just in case you have not seen these advertisements or have mislaid your copy, will mention the directions here in this column. Address your own covers, send 50c for service charge, plus 3c for each stamp desired on the cover, either in cash or Postal Money Order, to the BYRD ANTARCTIC EXPEDITION, c-o POSTMASTER, Washington, D. C.

In addition to the Little America postmark, this second batch of cov-

ers will have a cachet on them. The request to the Expedition headquarters may be for either perforate or imperforate Little America stamps, or both, but at least one Little America stamp must appear on each envelope. Mr. Donald Shook, Admiral Byrd's personal representative here in Washington, has full charge of this Little America cover service and is doing everything possible to have these covers go through to the base camp, be cancelled there legibly, and returned to the senders in good condition. In fact, he is so anxious that everything be handled carefully, that he is thinking seriously of requesting the Post Office Department to send one of their expert technicians along with the covers. For some time letters have been coming in to the Byrd headquarters here at the rate of 2000 a week.

Official figures for the Omaha first day sale of the Yosemite imperforate stamps were late in being released, but when they came through, the total was astounding. Total stamps sold are given as 126,000 little panes. Covers mailed were 125,000. Apparently, dealers expected a considerable shortage of covers and put through extra ones, with the result as given in the above figures. Collectors had five days more time to get their covers through to Washington, and on the first day the Agency sold 47,150 little sheets, but only 6,703 first day covers were recorded.

Incidentally, as reported in a previous issue, the initial printing order was for 300,000 of these little sheets, and was not expected to be increased. BUT, there has been a heavy sale here in Washington daily since the stamps came out. Taking into consideration that 126,000 little panes were sold in Omaha, and 47,150 in Washington and the heavy sales at the Agency, it is only reasonable to remark that at least two-thirds of the issue must be gone. As for the possibility of a reprint, your guess is as good as mine, but it is not unlikely that such a thing may happen, especially if any attempt should be made to corner the remaining supply.

Firemen Initiate Four at Pittsburgh

Chief Poppenger, assisted by Nozzen, Thomas and Dickinson while attended by a large group of Visiting Firemen at Pittsburgh on the night of October 27, inducted four ("neophytes," Pop called them) into the mysteries of the mystic order of Visiting Firemen of Philately.

The new brothers are Wm. H. Field, Charleston, W. Va.; H. H. Griffin, Cleveland; Fred Livingstone, Detroit, and F. L. Herget, better known as "Crazy Herget," Buffalo, N. Y.

All reported the next morning and seemed to be doing well.

Pittsburgh Exhibition and Open House

The first attempt on the part of the Philatelic Society of Pittsburgh to stage a really big Exhibition and Open House meeting, met with the success which the hard work of the Pittsburgh Collectors well deserved.

This meeting, held on Saturday and Sunday, October 27 and 28th, gave evidence of having been favored by weather conditions at least, until after the crowd had nearly all trickled in from outside the city. Then things broke loose and those at the meet were treated to a touch of real winter weather which doubtless interfered with local attendance somewhat.

The committee in charge of the exhibition worked late Friday night and completed the mounting of all frames, following which some of the boys put in an appearance at the Keystone Club where some early arrivals helped get things started.

Saturday morning the frames were moved into the exhibition room and by noon the exhibit was ready for public view. A large number of dealers from outside the city were represented with booths and practically all dealers in the Pittsburgh territory. Much material of interest was offered for sale and one can seldom attend one of these meets without finding things that they have been looking for.

A good sized crowd was on hand viewing the exhibition and patronizing the bourse on Saturday afternoon and in the evening after the banquet but it appeared that the largest turnout for the event materialized on Sunday afternoon.

The dinner crowd numbered approximately 125, and many towns were represented. Speech making was not indulged in which seemed to meet with the approval of the collectors present.

Musical entertainment by Jo Tyler's orchestra and Miss Thelma E. Pyle, soprano, gave just enough diversion to make the dinner an enjoyable affair.

Following the dinner, an auction

of 25 lots of choice stamps, every item of which could be described as superb, was conducted by O. E. DeSio and prices on the U. S. items were especially good while some very choice Colonials sold at prices lower than such material should be sold.

As is the usual custom, following the dinner, entertainment of various sorts was provided. Some danced, others played bridge while the Visiting Firemen held their session. Others just roamed around making new acquaintances and renewing old and enjoying themselves as stamp collectors will.

Practically all the boys were in bed in time to be up and at the bourse again in the morning and to be brief about the matter, a good time was had by all.

The Pittsburgh Collectors showed themselves to be excellent hosts and not without experience in entertaining their friends.

Getting back to the exhibition, the thing that appealed most was the fact that the exhibition was not overloaded with United States Stamps. A careful survey showed that Pittsburgh has a number of collectors who appreciate the interest that comes from a collection of foreign issues. At the same time there were displays of United States that also showed that there are some exceptionally fine collections of these stamps in Pittsburgh and they were displayed and written up in a manner that gave them added interest.

Perhaps a list of the exhibitors will give a very thorough idea of those who gave most toward the success of this meeting and with that thought we are glad to name those who contributed to the display of more than 100 choice frames.

U. S. REVIEW

THOMAS F. WHITBREAD
Cummington, Mass.

Inquiries regarding U. S. Issues will be answered in this column. If a personal reply is desired enclose a stamped and addressed envelope.

The discovery of a mint copy of No. 594, the perforated 11 rotary press issue which escaped philatelic notice until long after the small supply was used up, has brought this rarest 20th century issue to the foreground again. Peter Sturgis wishes to know how this can be distinguished from No. 552. Being printed on the rotary press it follows the general rule for such issues and is longer or wider than the corresponding flat plate stamp. The measurements of the design are the same as 597 or 604, both of which, upon examination will be found to be larger than a copy of No. 552.

Dr. J. L. Blish has been troubled, in common with many others whom we have heard, in determining the correct pronunciation for that almost untranslatable French term: tete beche. On the authority of the Oxford Dictionary of Modern English usage, the "e" in the middle of both tete and beche has the long "a" sound as in "rate" while the final "e" of both is silent. Our best efforts to reduce this to phonetic interpretation produces "tait baich."

Congratulations on your indignation letter to the P. M. G. Doctor, may

many more do likewise in the war to end Wallpaper. (W. T. E. W. a la new deal).

Judge Ottway requests a source for determining what stamps were issued with what plate numbers. Again we suggest the librarian for the Bureau Issues Association who produces such records at a nominal cost. Mrs. J. W. Lundy, Newtown, Bucks Co., Penna. is the lady in question.

Andrew Johnson wants to know who, actually, is responsible for the issuance of the 3c Mt. Ranier exhibition sheet of imperforates. A Mr. Ward has publicly claimed this dubious honor was due to his influence before the A. P. S. in convention assembled. Mr. Ward has also the greater part of all the imperforate and part perforate errors which have appeared since 1922 although he has not, to our knowledge, claimed these were also the products of his special efforts but rather the result of good fortune.

Rubber City Stamp Club's 15th Annual Open House

The Rubber City Stamp Club extends a most cordial invitation to collectors everywhere to come to Akron, Ohio, on Saturday and Sunday, December 1st and 2nd at Hotel Mayflower and help them make their 15th Annual Open House the most successful party they have ever staged.

The Exhibition, Bourse and Registration will open at 1:00 P. M. on Saturday and continue through Sunday. The banquet will be at 6:30 Saturday evening and the tickets will be \$1.50. A short snappy auction of 25 choice lots with Donald E. Dickason as auctioneer will precede the dinner entertainment which promises to be quite unique and different. Following the dinner, entertainment will continue in the parlors on the third floor. Special entertainment for the ladies will be provided while the Visiting Firemen have their session and initiation of new candidates.

There will be plenty of bourse space and tables will be free. Last year 52 dealers participated and more are expected to take tables this year so it will be advisable to send reservations at once to C. A. Bensinger, 706 Dorchester Road, Akron, Ohio.

An Exhibition of 75 frames by the members of Rubber City Stamp Club will contain many choice items and cover almost every phase of collecting. Something of interest for every collector.

Delegations from New York, Michigan, Indiana, Illinois, West Virginia, Missouri and everywhere in Ohio will be in Akron for this gala event and help make this the greatest party of all, so plan to be with us December 1st and 2nd and invite your collector friends to come with you. A royal welcome awaits everyone!

Anna Schafer Battles,
Publicity Director.

A New Scott Gauge

A very fine new perforation Gauge and Millimetre Scale as well as a six inch rule all engraved on one card is offered by the Scott Stamp and Coin Company. This new Gauge is claimed to be absolutely accurate. The Gauge is engraved and produced by the American Bank Note Company and is on a very hard and tough card. The print is distinct and clear with all measurement lines fine and sharp.

The Editor's own personal preference for a Perforation Gauge has always been for a printed gauge such as this. The Gauge printed on clear white card is so much easier to read and thus much easier to work with. Collectors interested in a good Gauge will find an offer of this Gauge elsewhere in this issue.

The Indiana Stamp Club Tri-State Meet

The Tri-State Meeting sponsored by the Indiana Stamp Club and held annually at Indianapolis each year has come to be an important meeting for the large number of collectors in the territory around that city.

The meeting this year is to be held November 16, 17, 18 at the Hotel Lockerbie, as has been the custom in the past and a hotel where accommodations are excellent yet the rates are reasonable.

The social and general sessions will be held on the 16th and 17th with an exhibition as the chief feature. On the evening of the 17th there will be an auction at 7:30 p. m. The annual banquet will be at 1:00 p. m. on Sunday.

Collectors of Indiana and neighboring states are invited to attend and in the past a large number, many from Illinois, Ohio and other states have been among those present.

There will be no registration or admission fee, the only cost being for the banquet on Sunday.

Stamp Club News

The Roosevelt Branch of the S. P. A. in Fond du Lac, Wisconsin is sponsoring a Mid West Stamp Auction. An excellent selection of stamps are offered in the first sale for which catalogues are ready. The sale is to be held at the Hotel Retlaw, Fond du Lac, on Saturday evening, Nov. 17th. There will be a special course in the afternoon and a dinner preceeding the auction. Catalogues can be had by addressing Rev. C. M. Starkweather, 814 Michigan Ave., Fond du Lac.

Paul S. Hedrick, stamp editor of The Tulsa World, was elected president of the Oklahoma Philatelic Society at the annual convention recently held in Oklahoma City. The 1935 convention will be at Enid, Okla.

Editorials

IVORY SOAP AND STAMPS Collectors have heard over the radio, something of the broadcasts by the Procter & Gamble Company, and some little comment has been published in the Philatelic Press. Believing that the collector would be glad to know the full story of this event, we will print next week, such information as is available and which has been supplied by Messrs. H. E. Harris & Company of Boston.

We shall make no attempt to express our own opinion as to the value of propaganda of this sort to Philately. Our object will be to tell the story as thoroughly as possible and allow our readers to form their own conclusions.

WALTER QUAINANCE
UPPER SANDUSKY, OHIO

RUBBER CEMENT Mr. Arthur B. Berresford, writing in "STAMPS" for November 3, speaks in favor of the use of Rubber Cement for mounting stamps. Mr. Berresford, however, makes such a difficult job out of the use of the material that were we not thoroughly familiar with its use and believers in its many advantages for permanent mounting, we never would attempt to use it as he tells how it should be done.

For some years past we have used Rubber Cement for mounting any and all kinds of stamps and we have yet to find a stamp which has been injured in any manner from its use.

We apply it by the use of a small wooden stick, a skewer as used by butchers, a brush is too messy. Just a minute particle of the cement need be on the tip of the stick, this is then rubbed on to the back of the stamp or on the album page where the stamp is to be mounted. The solvent in the cement evaporates rapidly. As evaporation sets in press the stamp firmly on the page. If not centered to your liking it will readily slip in any direction and when centered to your liking press it firmly and forget it. The chief care is to see that too much cement is not used.

We hope soon to print an article on different grades and uses of rubber cement in which will be pointed out the dangers of the use of such cement that has not been prepared especially for philatelic use. Ordinary rubber cement as sold in art stores or in automobile supply houses is unfit for Philatelic use and contains ingredients injurious to stamps.

For those who have never used rubber cement we recommend a trial. Stamps mounted with rubber cement have no bulge from hinges, the stamps do not warp or develop spots from heaps of hinges. Original gum can be preserved intact. Stamps lay perfectly flat on your album pages, are not ruined by flopping when pages are turned and can not be removed slyly.

On the other hand, stamps mounted with rubber cement can be easily removed and remounted when occasion demands. Merely put a drop of benzine on the face of the stamp. This spreads thru the stamp, kills the rubber and the stamp is loose. When the benzine has evaporated from the stamp, a clean finger can be rubbed lightly over the gummed or back side of the stamp and the rubber rolls off in a fine pellet, leaving the stamp free and clean.

No worry should be occasioned by getting the cement on your fingers or on album pages. If this occurs, a few moments will make it dry when it can be rubbed off and leave no trace except a cleaner spot than there was before.

LIQUAHINJ is Rubber Cement. There may be other brands of rubber cement on the market that are thoroughly safe and practical for Philatelic Use. We will be glad to mention their names if satisfactory proof of their ingredients is supplied. We know however that **LIQUAHINJ** is

JUMBO APPROVALS

OF RECENT months we have had requests from advanced collectors for Jumbo Approvals books, showing better foreign stamps of the cheaper class—items that many collectors—in the rush to get U. S. in their albums—have ignored. There is a marked tendency again toward the foreign stamp. We can take care of that tendency in our Jumbo books of 500 and 1,000 varieties of stamps from net 1/8c to 25c each. If you are seriously interested in filling in a lot of those blank foreign spaces crying out for occupancy—just write us. Lots of current used new issues, hard to find in our books. References invariably required. Fine country books available. Tell us your preference.

safe for it contains nothing that could injure your stamps. LIQUAHINJ is merely pure rubber dissolved in a mixture of Carbontetrachloride and Benzine. Both of these liquids are used extensively for watermark detecting and are recognized as safe. There are however some stamps, notably the gaudy late Italian issues that will run even from the use of Benzine, just as fugitive colors will run when moistened with water. Unlike fugitive colors, the colors on the Italian stamps do not seem to smear and blur but just lose their brilliance if washed.

When Is a Park Stamp Not a Park Stamp?

Ralph Chapman of Hinsdale, Illinois, calls attention to the fact that the 7c Acadia National Parks stamp pictures a scene which is not a part of Acadia National Park, but is private property located outside the Park boundaries.

Acadia National Park is situated on Mt. Desert Island, Maine, on land presented to the government; but Great Head, which is shown on the stamp, is privately owned and outside the park boundaries. It is the highest headland on the Atlantic Coast.

USED AND UNUSED CATS.

I have on hand some 1934 USED Scott's cats. Not the feline kind. My price is \$1.00 plus parcel post outside of the first zone. Shipping weight about three pounds. Do not confuse this catalog with the new 1935 Scott's catalog just issued.

If on the other hand you wish the NEW Scott's 1935 catalog I will send it post-free franked with stamps of interest and will include a sheet of the 1c Chicago imperforate of 25 unused. Price \$2.50. The new 1935 Specialized Scott catalog will be issued Oct. 22nd and the price will be the same, \$2.50 and I will include the sheet of 1c Chicago's also.

London-Australia

The first service on this line is due to leave London on Saturday, December 8th, 1934, and reach Brisbane on December 20th and Imperial Airways are arranging to handle covers for collectors. However by the time this appears in print about the only one you could get would be from London to some point on the route or to Brisbane, Australia. Your cover should bear in addition to your address, the section of the route you want it flown, as "London to Brisbane," and on the back of the cover must be the name and address of the sender. The rate of postage not yet official, but we suggest sending cover and money order for 40 cents each with them to Imperial Airways, Ltd., Air Mail Department, Airway Terminus, London, S. W. 1, so as to reach them by December 3rd.

Hawaiian Service

Among many covers received on inauguration of the Inter-Island service were two from M. de F. Spinola, one of which showed a photo of Mrs. Cunningham, Postmistress at Hilo, receiving the bag of mail from Capt. Elliott on this first flight, and of which 30 were mailed back to Honolulu the same afternoon by the return flight and a large card showing a map of the Islands and a picture of the eruption of a volcano on September 6th, 1934. As stated, Capt. C. I. Elliott was pilot and B. J. Hoog copilot on the first flight. Clipping states that from Hilo the plane carried 9072 pieces of mail weighing 151 pounds to Oahu, and 10 pounds to Maui.

Trans-Atlantic

Dispatches today indicate that the P. O. Department is considering with Dr. Eckner the possibility of Trans-Atlantic dirigible mail service starting around July of next year.

Notes

Bloomington, Ill., dedication came off October 28th with good cachet by the Corn Belt Philatelic Society and we were glad to help some of our good friends who did not hear of this.

M. A. Campbell sent me cover from Last Day of the Century of Progress, which bore beautiful markings, and was picked up by the Adams Pickup and Delivery.

On the first flight from Lakeland, Fla., October 15th only 2712 covers went north and 301 south.

Columbus Collectors Plan Annual Meet

President Ray Shepherd of the Columbus Philatelic Club has already appointed committees for the big annual meeting of the club for January 12, 13. A meeting of the committee has been held and tentative plans arranged. It is the hope of this committee that a meeting much more elaborate and larger than that of last year will be possible.

I have seen proof of a Christmas cachet which will be cancelled on the USS Cuttlefish. Send covers ready to go to Louis G. Nix, 1312 Maryland Ave., N. E., Washington, D. C. None that is stuffed or sealed will be printed so obey the rules. Also, send 1 cent per cover forwarding and a limit of 3 covers has been set. Dead line is Dec. 1.

Macon Events

The USS Macon belongs to the Navy, so cachets and news pertaining to her belongs right in this column. Herbert A. Wegmann, USCS No. 296, Box 234, Avalon, Calif., writes me that if and when the Macon visits Avalon, the Business Men's Assn. will sponsor a printed cachet. Mr. Wegmann will handle and mail your covers—6-cent air mails, of course. He asks that covers be unsealed and un-stuffed.

What Is This?

John C. Gillespie, 3630 Greystone Ave., New York, N. Y., writes me as follows: "If you will inform your readers to send me 10 covers and 1 cent each for forwarding, I will get them some Navy cancels they may not know exist." There you are, folks.

Sounds interesting and maybe J. C. has something unusually good up his sleeve.

New Year's Cachet.

Theodore Harrington, Sta. A, Milwaukee, Wis., is sponsoring a cachet for New Year's day. I understand he expects to cover every ship in the Navy. Personally, I think it impossible to cover all ships without expecting to lose a heavy percentage of your covers because all mail clerks absolutely will not hold covers or cancel on certain days. But there is the dope, so use your own judgment and in sending covers to Harrington, include 1-cent per cover forwarding charges.

Black Hawk Cachet.

The USS Black Hawk of the Asiatic Fleet, will have a cachet for New Year's day. Send covers ready to go to M. B. Owens, CMM, USS Black Hawk, care postmaster, Seattle, Wash. Remember, however, that Owens will not accept nor handle more than a few covers per collector. He has no space to store them and not being the mail clerk, he does not care to impose on

the latter so be reasonable and limit your sendings to a couple of covers.

Terry is Swamped.

Now that the USS Richmond is undergoing an overhaul at Bremerton, the mail clerk, J. V. Terrio, is swamped and has no assistant. The ship is temporarily on a curtailed complement basis, so Terry does not rate an assistant as he did while flagship of the Banana squadron in the Caribbean. He asks that collectors go easy for awhile and the word will be passed here when he will again be in position to handle your covers.

Nautilus Cachet.

A Thanksgiving Day cachet will be applied aboard the USS Nautilus, one of Uncle Sam's fine submarines. The mail clerk limits his services to not more than 3 covers per individual. Rush them along and address Navy Mail Clerk, USS Nautilus, care postmaster, San Diego, Calif.

ROUMANIA—Fruit Exhibition Issue—The two stamps noted below were issued on the occasion of the Fruit Exhibition, Sept. 14 to 21, 1934. The main purpose of the issue was the propaganda of the use of fruits, especially apples and grapes, as inland consumption, as well as exportation. The design of the 1 leu shows a child, mouth open, holding up her hand for a bunch of grapes. On the 2 lei, a lady is shown holding a basket of various kinds of fruit. "ROMANIA SAP-TAMANA FRUCTELOR" in three lines at the top of each stamp. At foot of the lower value in Roumanian are the words "Grapes bring Healthiness" and at the foot of the other stamp in Roumanian "Consume as much fruit as possible"; Perf. 13½:

- 1L. yellow green
- 2L. red brown

(P. F. Koch)

SALVADOR—The Government is asking tenders for a complete new set of Postage stamps. The issue is to be recess-printed and the size of the stamps 28x25 mm. The values, quantities and designs follow: 1c. violet—The Izalco Volcano (1,000,000); 2c. brown—Public Baths, Ahuachapan (3,000,000); 3c. green—Tower of San Vicente (1,400,000); 5c. red — Campo de Marte Playing Fields (1,400,000); 8c. deep blue—Design reserved for propaganda of the Indigo Industry (2,500,000); 10c. yellow — Sugar propaganda (750,000); 15c. ochre — Coffee propaganda (800,000); 50c. gray — Balsam propaganda (100,000); 100c. black—General Maximiliano Martinez, the President (50,000).

(Gibbons' Stamp Monthly)

SWITZERLAND—Two of the values of the series chronicled July 28th have been overprinted same as Scott's #601, for use by the League of Nations:

- 3c. olive
- 30c. ultramarine

(Gibbons' Monthly Supplement)

TIMOR—Local Provisionals. Two values of the War stamps of Portuguese India, overprinted in two lines "INSTRICAO D. L. u. 7 de 3.2.1934", in red, have just been issued. These stamps form a local provisional series and have been issued in favor of the instruction of the colony of Timor. Their use is compulsory and they will soon be replaced by a definite stamp. The two values are 2 avos, and 5 avos. Altho Mr. Roberts does not say, we presume that the stamp used is the same design as Scott's WTI of Portuguese India.

TONGA—Two new colors. Wmkd. turtles. The 2½p. plate is very worn and contains several minor retouches.

- A17—1½p. green
- A26—2½p. ultramarine

(R. Roberts)

Note: The two above were heralded in our notes of May 6, 1933, and are just now making their appearance.

Precancels

Information regarding new issues and notes of interest on all Precancels, other than Bureau Prints, should be sent direct to the Editor of this column.
K. M. GIERHART, BALTIMORE, OHIO

Ever so often close readers of the philatelic press will encounter items on the writing up of a collection, the interspersing of notes of interest here and there among the pages. In a precancel collection noting the errors, different colors of ink, plate breaks, double prints, etc., is one course to be followed in writing up the collection, another is trying to ascertain the name or names of the firms using precancels from the various towns and making a note along side those stamps. One collector I heard of attempted to get a panorama or birds eye view of the different cities to mount at the top of the page, at the beginning of each city in his collection. Generally with the above would be notations as to the chief industries, the population and other short notes of interest.

Another way of pepping up a collection as advocated by some collectors is the inclusion of strips, pairs and blocks of various sizes. To neatly arrange them along with your singles is the acme of collecting according to some collectors. Personally whether you write up your collection or arrange strips and blocks among its pages or do both or neither, I think is up to the collector himself. The method in which he has the time and gets the greatest amount of enjoyment is the way to collect. For instance there are drawbacks to any of the above systems especially in the one about blocks and strips. In the first place if you have arranged a page of single precancels along with several blocks and strips you do not know how many other blocks or strips you might come across in course of time and you must either rearrange the page or pass up

the newly acquired piece. Another thing in collecting and keeping for your collection such pieces you sooner or later will get an item that is better than the average and for which if you broke it up you would be able to obtain equal number of different varieties for it.

From Ed. J. Kuhn of Auburn, N. Y., comes the first of the higher value PARKS. All from Auburn in U-12. Here they are, the 1c down, 2c across, 3c invert, 5c down, 6c across, 8c down, and 9c invert. Beauties if you ask me. Besides he inclosed a WISCONSIN invert and a 6c Bi-Cent. invert.

Walter Lang of Rockton, Ill., presented me with a 3c Park from South Beloit, Ill. in U-121. Mr. Lang tells me the 6c and 8c PARKS and 1c C. of P. also exist from this place. John Elholm Jr. of Racine, Wis., submits a lot for inspection among which I note PARKS of the 2c invert, 3c across, and 5c normal from Enid, Okla. in U-122, a 1c of Vernon, Tex. up in U-122 and a 9c up from Jacksonville, Tex. in U-75. Other items of note, an NRA from Wichita Falls, Tex. in U-121 down and a 1c C. of P. from Chicago, Ill. in U-14 up. I have handled hundreds of the 1c C. of P. from Chicago in U-11 but this is the first I have seen in the double line type.

The Precancel HORNET for October arrived the other day franked with a 1½c front view Harding from Lebanon, Ind. in U-120. In a resume of Indianapolis precancels I noted the listing of a 5c red and blue air mail which has some of the boys groggy. They can't understand how this one got by them.

If any of my readers who has a source of supply of precancels among which was the usual percentage of postage dues notes any reduction or cessation of their use, I would be pleased to hear about it immediately.

BROADWAY CHATTER

By BI STANDER

We dropped in to see Henry H. Wilson at Leonia, N. J. and were advised by him that the information on Page 840 of Linn's that Henry Williams would move to Santa Barbara, California, was erroneous as it should have been Henry H. Wilson and that he would move on December 1st.

O. G. Reichelt, "Original Gum" as he calls himself has taken up as a dealer and his postoffice address is R. F. D. No. 1, Ridgewood, New Jersey. We have known Mr. Reichelt for many years and he certainly knows stamps particularly Papua, in which country he is a specialist.

Fred Allen, that splendid comedian on W. E. A. F. on Wednesday nights states that "I will have to write to Farley to see if I can play postoffice. I will have to ask him because my father is a Republican". This was in conversation with Portland Hoffa the comedienne.

Feg Murray, the well known cartoonist, shows in the New York Daily Mirror, Mala a mailman who carried the mail in Candle, Alaska, making a 30-Mile round trip 3 times a week on foot through the heavy snows.

Miss Selma Ernst, able assistant in the stamp emporium of the Crown Stamp Company of 564 West 181st street certainly knows her "onions" as stamp values and is a great help to regards stamps. In the space of a few years she has acquired a grasp of stamp values and is a great help to Mrs. Kenahan the "proprietress" of the place.

The U. S. Specialized catalogue appeared on October 22nd in a new form and we were very much impressed with its contents. Now everything is included in one book and we have heard nothing but praises for the initiative of the Scott Stamp & Coin Company, in the trade.

Have you any stamps of "Carakker" or so it sounded, but after a half hour or so the dealer drew out of the boy that the adhesives he wanted was "Curacao".

We understand that the Uptown Stamp Company of 140 West 42nd street will have an unused copy of that rarity of the U. S. No. 594 in its next auction.

of the Linprint Unit System Album

Complete With Parks Stamps

New Pages to Bring Your Original Unit Up-to-date are Now Ready

Each unit consists of the necessary pages to show all of the stamps in that group, to date of publication, together with title page and one blank page for new varieties, also stubs for placing between the pages, when of the Post Binder Style Page, one stub to each five pages. It shall be our policy in printing all Linprint Unit System Pages to omit varieties which are practically unobtainable by any other than the very wealthy collector as we believe that the collector would much prefer a page which would not forever stare him in the face with spaces which he can not hope to fill.

NEW PAGES

Following the publication of the original Number One Unit of this album, numerous collectors suggested that we should have included the NRA stamp in the group of stamps shown. We have therefore decided to include within the stamps shown on these pages all Commemorative and Pictorial Stamps.

Therefore a new page has been prepared which includes the NRA, the Kosciusko, the Maryland, the Mother's Day and the Wisconsin stamp on one page.

Another new page has been prepared for the Parks stamps. Both of these pages are now included in the Complete Units as sold, after October 15.

Those who purchased the original complete Unit will now want these new pages and we offer the two pages at 5c per page, plus a charge of 10c for postage, packing and mailing. These pages must be wrapped in heavy paper, protected by stiff boards on both sides for safety in mailing and that accounts for the 10c cost for the mailing of the two single pages.

If these two single pages are mailed along with other pages for these units, there will be no additional mailing charge for the same.

Two new pages, postpaid for 20c.

Retail price 5c per page.

NEW ISSUES

Having discontinued my foreign new issue service, I find I have small quantities of many odd sets and a very few single items left on hand.

This stock consists entirely of Pictorial, Air-mail and Commemorative issues, all in superb condition, offered in—

GENUINE BARGAIN LOTS

Priced at \$1.00; \$2.00; \$3.00; \$4.00 and \$5.00 each. There are no duplicates in any one lot, and all are guaranteed to be made up at no more than 5% over actual cost.

This is a real opportunity to cash in, get some fine stamps for your own collection, or some real stuff for exchanging. Dealers will also find these lots quick-selling and profitable.

When ordering if you state whether you prefer Comms., or air mails, I will endeavor to send what you want, but can't guarantee to do so. First come, first served, and it's the last call.

Terms—Cash with order, U. S. Currency accepted at par. No mint stamps. Postage and registration extra.

All sold on a money-back guarantee.

CANADA PRICE LIST

Complete retail price of Canada in Linn's October 13th issue. Look it up, and fill in those odd numbers.

British Colonial Lots

\$3.00 \$5.00 \$10.00

At one-quarter Cat. Value

Having discontinued my regular approval service, it leaves me with a real fine lot of British Colonials, mostly 20th century, mint and used, incl. many pictorials and comms.

To reduce my stock, I am making the above offer, which serious collectors should not overlook. It offers a real opportunity to pick up some fine stamps, which ordinarily cost from one-third to over one-half cat.

There is no junk in the lots, most of which cat. from 10c to one or two dollars each. No damaged stamps are included, and no duplicates in any one packet.

Guaranteed satisfaction or your money promptly refunded; a good buy for the average dealer; real stuff for exchanging, and will make a fine Xmas present.

Terms—same as New issue offer.

1932 Columbia Rep. Airs

All fine used—these stamps are both beautiful and scarce; seldom offered at any price.
